Purchase of Perfecta Jogger

Dear Jason,

I just wanted to drop you a note to tell you how happy we are with the Perfecta Jogger we purchased from Graphic Art Equipment. Often, printers do not realise the time wasted in paper handling in the finishing department. They therefore miss out on the massive cost savings in reduced manpower that can be achieved. Here at Purbrooks, we have reduced the time spent cutting on our B1 guillotine by 50% and will be able to recoup the cost of the kit within 6 months.

Any equipment that has such a quick payback should be a “no-brainer”. Hopefully this commendation will highlight to your prospective clients what bottlenecks can be eliminated with the relatively inexpensive purchase of a jogger
