Dear Cliff

Over the last few years I have invested in 5 new machines from G-A-E, making G-A-E our major supplier of finishing equipment. All the machines have proven to be a great success and at the time of purchase have moved my company forward to a more profitable position. In fact over the last year, we have actually doubled our turnover.

Our first purchase was an Horizon AFC-544AKTSC automatic set folder with an MKU-54 16-page mobile knife unit, a brilliant buy which has never let us down. We have also invested in a Perfecta guillotine that is used constantly, and apart from its annual check it never stops. The latest purchase is a GBC Amiga laminator, which is easy and quick to use across all stocks including digital and is never a problem.

Thanks again Cliff for all your help, and we are now happy to say, "if it's from G-A-E then it's okay by me".

Yours truly,
